

# The **DARRINGTON** home plan by Simplicity

The 1395 square foot Darrington is a well-appointed two-story home that lives larger than most mid-sized plans. The dramatic entry leads to the open kitchen and living room area, with plenty of light and space for entertaining. The kitchen boasts ample counter space and cupboard storage and features an optional desk for convenience and organization. Upstairs, the main bedroom has a large closet and bathroom, and two other sizeable bedrooms offer large closets and share the second full bathroom. This plan is also home to the conveniently located laundry closet, which adds valuable storage space to an already efficient home.
