

The **HUDSON** home plan by Simplicity

The 1574 Hudson is an efficiently designed, mid-sized single level home offering both space and comfort. The open kitchen is a chef's dream, with counter space galore, plenty of cupboard storage and a breakfast bar. The expansive living room and adjoining dining area complete this eating and entertainment space. The spacious and private main suite boasts a dual vanity bathroom, optional separate shower and an enormous closet. The other two sizeable bedrooms—one of which may be converted into a den or office—share the second bathroom and round out this well-planned home.
