

# The **VINTAGE** home plan by Simplicity

The single-story, 2610 square foot Vintage is a home designed for space and comfort. The living room is immense under the vaulted ceilings and is overlooked by an open kitchen with a breakfast bar. The breakfast nook adjoins a family room that may also be used as an office or media room. The massive main suite, removed from the other two bedrooms, has its entire private wing, featuring a luxury bath and huge walk-in closet. The spacious formal dining room has the option of being converted into a den or a fourth bedroom. This home is the largest of our single-story plans and does not disappoint!
