

# The **ACADIA** home plan by Simplicity

The Acadia is an innovative design and loaded with features. This 400 square foot footprint maximizes every inch of space for comfort and efficiency. The shared living space brings the kitchen, dining, and living room together in one open space, great for cooking dinner while conversing with guests. The private bedroom is light and bright with a generous closet. The bathroom has a full tub-shower and room for a stackable washer and dryer. The optional garage offers plenty of room to store cars, equipment, and all the gear your heart desires. This smart-sized revolutionary stick-built home favors quality over quantity and can meet various needs from a guest house on your land to a getaway cabin.
