The single-story 2250 square foot Sherwood is a home designed for space and comfort. The living room is immense under the vaulted ceilings and is overlooked by an open kitchen with a breakfast bar. The breakfast nook adjoins a large covered porch which comes standard on the Sherwood. The massive main suite, removed from the other two bedrooms, has its entire private wing, featuring a luxury bath and huge walk-in closet. The spacious formal dining room has the option of being converted into a den/office or a fourth bedroom.
